# Untangling governance

## Implementing Good Governance – a support programme for trustees

An opportunity for voluntary and community organisations in Birmingham to work through the implementation of Good Governance in a supported programme of workshops and peer support network sessions.

Using the **Code of Good Governance** and other resources, trustees will be able to assess the current governance status of their own organisations, develop action plans to fill any governance gaps and work alongside other trustees to implement those plans, share ideas and learn from each others' experience.

Light refreshments will be provided.

**Places are limited so please book early.**

Please tick below to indicate which sessions you'd like to attend.

### Programme

Wednesday 5 September | 5.30 – 8pm

**1. Workshop: Recruitment & Renewal**
